Data taken from Race Day reports in CheckPoint, 21Sep22

Calculations:

Club Championship is calculated the same method as for consistency, except:

Championship will be decided by the LEAST number of points LOST over all events.

No handicaps are included

Positions for each race added up, including position for DNC as last vessel in each race, and worst position deducted from final result

The Series will consist of up to 9 races, when all 9 races are complete, a boats series' score shall be the combination of all scores, discarding her three worst scores. When 8 races are complete, she will discard her two worst scores. When 7 races are complete, she will discard her worst score. In 2022, there were 7 races completed.
