

HANSA STATES UPDATES

Saturday 2nd December

Royal Perth Yacht Club

We finished off the day with a 1530hrs Warning for our afternoon session.

3 races were completed in a breezy 17knots of wind. Our sailors returned to shore at 1730hrs.

DAY ONE | HANSA CLASS STATE CHAMPIONSHIPS

A great start to the 2023 Hansa Class State Championships held at Royal Perth Yacht Club and supported by Sailability.

A sunny 27 degrees with a slow 7knots of breeze meant a slow start to racing.

However our Race Management Team made a fantastic effort to get 4 races completed in our morning session.

Thanks to all our volunteers, to Sailability and to the Race Management Team for making Day #1 a breeze. See you tomorrow for Day #2!

HANSA STATES UPDATES

Sunday 3rd December

Royal Perth Yacht Club

The day provided perfect weather for Hansa Sailors, a sunny yet cloudy 26 degrees with 10knots of wind, with gusts up to 13knots.

Our sailors cruised through the final three races of the championship.

DAY TWO | HANSA CLASS STATE CHAMPIONSHIPS

Day Two kicked off with a delayed start for our sailors!

Since we managed to complete seven races yesterday, we only had three to go. Racing was scheduled to start in the early morning but we allowed our Hansa Sailors to kick off in the mid-morning.

A big thank you to all our volunteers, on-water support, coaches, off-water support and Race Management Team.

Congratulations to all our competitors! You all did a fantastic job and without you this championship would not be possible!

Thank you to Sailability for supporting this event and to the Hansa Class Association for hosting it with us at RPYC!
